

Starbucks joined Greenfield at 525 Greenfield Rd. in 2023 with a new 2,500 square foot store with drive-thru and outdoor seating under a pergola. High Construction completed the site work, building and generous outdoor seating area. We were thrilled to be able to build our relationship with Starbucks and bring this best-in-class retailer to Greenfield as it was a frequently asked for amenity from our tenants and residents.

Like other Starbucks, the Greenfield restaurant features a variety of coffee drinks as well as baked goods and sandwiches.
